

## statement, education & membership

### ~ Statement:

I paint flowers in watercolour, loving the lesser know varieties ~ I enjoy watching them as they appear and grow, blossom and flower, and gently fade and fall to feed the ground through winter. I paint in oils and draw with charcoal too.

I am currently working with my new garden to discover the spiritual meaning of the herbs and plants to support my total health. I drink coffee as I watch the butterflies. I walk barefoot on my lawn for grounding. For me drawing and painting are a form of meditation.

## representation

My huge thanks to Brantwood in Coniston, Cartmel Ground Gallery in Cartmel, The Beach Hut Gallery at Kents Bank, The Medicine Garden and Oubas in Ulverston, Yew Tree Barn in High Newton and Abi&Tom's in Witherslack for stocking Herbal Chronicles books, a few paintings, handmade sketchbooks and greetings cards.

## membership
